This is the 3rd consecutive year of the Bevel and Bullshit run and you are invited. Each year we have seen more old dungs come out of the lounge rooms and dark corners of sheds to participate, making the event look and sound fantastic. Let's see if we can beat last year's total of 25 old Italian bikes. There will be a support vehicle but please be sure your bike is in the best condition it can be so you enjoy the weekend. The support vehicle is a ute not a bike transporter.

We will be going on as long and interesting a run to Tenterfield as the various State authorities allow. Maps will be handed out at the start of the ride and the lunch stop will be on it but you are free to stop and eat when it suits you. Remember it is not a RACE, it's recreation.
